

# CYBERSECURITY

## MIND THE GAP CYBER

# CHAMPION

“Rogue actors want it. You need to guard it. Data is worth more than gold in today's digital age.”

### Capabilities Statement

Making it harder for cybercriminals to attack your organization is Mind The Gap Cyber's mission. We are a cyber risk and cybersecurity management consulting firm specializing in proactive response planning, training and management. We are trusted advisors, providing solutions to manage cyber risk using NIST recommendations and Cybersecurity Maturity Model Certification process.

### Core Capabilities

- **ASSESS:** We audit your systems and evaluate relevant threats.
- **RESPOND:** We develop a customized response plan to mitigate risk.
- **TRAIN:** We provide specialized cyber training for your staff.
- **COMMUNICATE:** We create and get the message out to your internal and external stakeholders.

### Past Performance

- We managed crisis communications situations for businesses including hacking and activism.
- We trained business owners of all tech levels on digital matters.
- We provided turnkey services to organizations.
- Our work is conducted with strict confidentiality due to the nature of the situations.

### Company Data

**DUNS:** 023924782 **CAGE:** 6EF78
